Discord Privacy Summary

Effective date: 24 February 2026

Summary

SVA stores limited data needed to run applications, training, and flight logging on our Discord server.

What We Collect

Discord ID and nickname/username, role information, and interaction timestamps.

First name and surname from your application.

Training progression and instructor notes.

Flight log details (callsign, aircraft, route, duration, notes).

What We Do Not Collect

Email addresses, financial information, or retained date of birth.

Storage & Deletion

Data is stored on a UK-based server in London.

If you leave SVA, your data can be deleted using `/purgeuserflights`.

Minimum Age

Minimum membership age is 16.
